ROCKCLIFFE

This Week:
A New Sound
You Can Move To

Wednesday, May 21, 1986

Rain may have dampened the enthusiasm of some participants in Haliburton Spring Fling Sunday, but it did not reduce the dedication of these avid anglers. Linda and Careen Gross test the waters off the village's dock for bites while warding off the worst of the wet weather with head to toe slickers.

1986 municipal budget includes \$203,000 rise

The budget for Anson, Hindon and Minden was brought down at the Council meeting last Thursday, and once again it has gone up. The budget, including education and county levy, this year is \$2,945,530, which represents a 10 per cent increase over last year's, which was \$2,667,582. That is a rise of \$277,948.

To help pay for that increase, the municipality plans to collect \$1,890,927 in taxes, an increase over last year of approximately 6 per cent. The remaining portion will be contributed through various provincial grants and revenue generated through municipal pro-

grams.

Few of the major expenditures have risen significantly, though there is a general increase. Government expenditures, the cost of running the municipality, have gone up \$41,447 to \$350,198.

The transportation budget has risen considerably over last year. In 1985, the Municipality paid \$502,146 for the upkeep of roads, municipal vehicles, and streetlights. This year the cost will be \$650,505, an increase of \$41,447. A large chunk of that rise is due to a planned road construction bill of \$164,050 compared to \$40,693 spent last year.

Interestingly, the money

allotted to planning and development will decrease from last year's level. This year \$44,480 is budgeted for planning and development, while last year \$72,364 was spent. That is a drop from 1985 of \$27,884. Last year the municipality was in the midst of preparations for its official plan.

The total Municipal budget is \$1,700,037 this year. Last year, it was \$1,496,382. This is an increase of \$203,655.

Also rising over last year is the education levy, which is \$1,644,777. In 1985, the levy was \$1,068,451. This year's is \$68,674 higher. The county levy is \$163,627 compared with \$152,458 last year.

\$1.5 million grant helps Dysart sewers

A grant of 1.5 million dollars has been given to the village of Haliburton by the provincial government for the expansion of its sewage system. John Eakins, MPP for Victoria - Haliburton, announced the grant last Friday. Speaking at a special meeting of the Dysart et al Municipal Council, Mr. Eakins said the sewage system extension "will give Haliburton the opportunity to attract more resorts and to grow as a tourist centre." It will also ensure that water in nearby lakes remains clean.

The money will go mainly

toward the construction of a sewer line from the treatment plant in Haliburton, leading out along Highway 121, and the extension will likely end at PineStone Inn on Highway 121 and at Willow Beach Cottages on North Kashagawigamog Lake Road. Grant money will also pay for small extensions and improvements at other locations.

According to the Government press release, construction of the sewer extension will create approximately 237 jobs for the county and it will generate an annual income

of as much as 6.7 million dollars. The release did not include speculations on when income might reach this level or how long it would last.

Art Ward, owner of the Wig-A-Mog Inn, is pleased that the grant to extend the sewage works has come through. "It gives us the potential for expansion. We already have concrete plans to do more building when the sewer is completed, and it will also allow us to plan for even more expansion in the future." Mr. Ward explained that the municipal sewage plant is more effective than the Wig-A-Mog's septic system in use now and also more convenient. The new sewer line will mean an increase in property values for land near by, he went on to say.

Wren Blair, president of the PineStone Inn, is also very happy with the planned sewer extension. "For the last two and a half years we've been working on a deal to get funding from the Government, and we're pleased that it has finally come through." Mr. Blair

opposed. "There are enough alcohol outlets without adding more," explained Mr. Nesbitt. The dilemma of increased accessibility for underage drinkers is the chief worry of Mr. Tallman.

Murray Fearrey, reeve of Dysart et al, said he is personally opposed to the idea,

(more on page 2)

Reeves split on sale of alcohol in local convenience stores

If the opinions of Haliburton's reeves hold sway over their councils, about half the townships could be legalizing the sale of beer and liquor in corner stores in the near future.

Municipal councils across Ontario may soon be called on to decide this issue. According to MPP John Eakins, the Ontario legisla-

ture could vote on the bill as early as this fall.

The promise of more readily available alcoholic beverages was one of the Liberal promises that brought Premier David Peterson to office a year ago. As of last week, the provincial cabinet was in the process of drafting the legislation in preparation for its

tabling in the Ontario legislature.

It is widely believed that the bill will do nothing more than make it legal for municipal councils to pass a law allowing corner stores within their jurisdictions to sell beer and liquor. In political circles this is known as "enabling legislation."

An informal survey of

reeves of Haliburton County's ten municipalities on Monday showed opinion on the issue to be fairly evenly split.

Four reeves oppose the sale of beer and liquor in corner stores. Both Sinclair Nesbitt, reeve of Anson, Hindon and Minden, and Monmouth Reeve Keith Tallman are strongly

(more on page 2)

Ministry charges three following industrial mishap

Three employees of the Ministry of Transportation and Communications have been charged with negligence in the death of a fellow employee in Haliburton County, a Ministry of Labour spokesman has told The Times.

Alan Brown, 61, drowned when he tried to clear a

storm culvert over eight months ago. An inquest conducted last fall concluded that Mr. Brown should have worn a life jacket.

Supervisors Donald MacDonald, Donald Rutledge and Ronald Little have all been charged with violating

section 16 (2c) of the Occupational Health and Safety Act, which orders supervisors to ensure that workers provide protection for themselves.

They are to appear in Provincial Court on June 3. If convicted, they face a maximum fine of \$25,000 and a maximum jail sentence of one year.

The incident has already attracted the attention of NDP leader Bob Rae. Earlier this month, he and

NDP labour critic Elie Martel criticized the Ministry of Labour for moving too slowly to press charges.

The Ministry of Labour spokesman, who asked not to be identified, explained that a good field investigation takes time. An inquest of this type is reviewed by the regional office, the head office and the legal office of the Ministry of Labour.

The Ministry officially has one year to lay charges, the spokesman said.

Opinion split on alcohol sale

(from page one)

but would like to have more information on how the actual sale of alcoholic beverages by corner stores will be handled. One possible problem he sees is the fact that many corner store cashiers are under 19 years of age.

Bill Howe, reeve of Bicroft, although also opposed, favours holding a referendum in his township to decide the issue. He foresees problems caused if corner stores selling alcohol stay open late at night.

Five other Reeves support the right of corner stores to sell alcohol, although to varying degrees.

"It's okay by me," summed up Reeve Mack Peters of Cardiff. His view was shared by Dalton MacDonald, Sherborne et al reeve. Bob Vick, reeve of Snowdon was unable to see how the presence of alcohol in corner stores could make present problems worse. He thus favours the change.

"Where the liquor is

doesn't make any difference. Right now, kids are driving nine miles to Minden to get drunk," Mr. Vick noted.

Harry Davis of Stanhope township emphasised that it was "not a big issue," but admitted that he is personally in favour of the change.

The fifth reeve is choosing to make a distinction between various types of alcoholic drinks. Bill Valentine of Lutterworth Township told The Times that only beer and wine should be admitted to corner stores and liquor barred. He added, "Beer and wine are a heck of a lot purer than the water we're drinking in this part of the world."

Reeve Robert McCausland of Glamorgan, although not yet sure of his stand on the issue, pointed out that areas with corner stores stand to benefit financially from the new arrangements.

Yet, as Mr. McCausland noted, "most people who want to buy liquor late at night are already into it quite a bit."

Dysart sewers

(from page one)

believes the municipality received the grant largely because of the efforts of Mr. Fearrey.

The PineStone also has concrete plans for expansion now that the sewers are going to be extended. "We're now comfortable to proceed with more building projects, and we can be more aggressive in our long range planning ... With the old septic tank system, you always have to be very cautious."

Wayne McGillivray, manager of the PineStone Inn, acknowledged that he

as well is elated about the planned sewer extension.

When Mr. Eakins announced the grant, Reeve Murray Fearrey responded, "my first reaction is that you come back again soon."

The Municipality first applied for a provincial grant to expand its sewage system in 1983, but was turned down. Toward the end of that year, Mr. Eakins explained that he tried to establish new discussions of financial assistance with the Government. In 1984, the request for a grant was re-submitted to the Government, and just recently it was accepted. "It all came about very suddenly," Mr. Eakins explained.

Both Mr. Ward and Mr. McGillivray credit Reeve Fearrey with a large part of the effort it took to get the grant.

The grant money will cover 75 per cent of the cost of the extension; the remaining 38 thousand dollars will come from the municipality.

Ministry of Natural Resources personnel have been busy this past week planting fish in various bodies of water throughout the Highlands. On Thursday morning a helicopter was used to transport the young fish to remote lakes, while more conventional means were used Tuesday when the stocking took place along the Gull River. Dennis Eilson of the Minden MNR office fills a bucket before lowering the fish into the river. In total, the ministry intends to stock area lakes with 4600 rainbow trout, 54,000 lake trout 60,000 brook trout and 58,000 splake.

Rally will start on Minden's Main Street

The co-ordinator of the 1986 Black Bear Rally says he is now expecting 20 to 25 teams to be entered in Saturday's race.

The Black Bear Rally, organized by the Maple Leaf Rally Club of Toronto, is now in its eleventh year and has been run out of the village of Minden for six years.

The rally will begin at 1:30 p.m. Saturday at the Minden Arena. According to co-ordinator Larry Flint, the ideal time to inspect the cars will be between noon and the start of the race when they will be gathered outside the Rockcliffe Hotel on Main Street. The race will finish at approximately 8:30 p.m. Saturday at Glenroy Lodge on Halls Lake.

Not all of the 200 kilometre-long course will actually see the cars racing neck-in-neck. Mr. Flint explained that participating cars will obey the posted speed limits when they are on major roads. Forty per cent of the race will take place on what the club calls "stage roads" - where, in co-operation with the local police, speed limits are temporarily lifted.

"The name of the game is safety," according to Mr. Flint. Drivers in the race will

wear helmets and web-type seat belts, and their cars will have specially-built "roll-cages".

Those interested in watch-

ing the race can obtain a map and spectator kit at the Rockcliffe Tavern all this week.

Let the people be heard

It would appear, from reports emanating out of Queen's Park, that municipalities may soon be given the right to determine whether beer and wine can be sold in corner stores. That option is reportedly included in legislation being prepared for consideration by the MPPs.

As the informal survey of county reeves, conducted by The Times this week shows, opinions on the advisability of the proposal varies from outright rejection to total acceptance. We feel sure that any poll of citizens would reveal the same divergence of opinion.

One thing can be stated with assurance, that is few people will not have a strong position on the question. Arguments for either side of the discussion rest on firm foundations - freedom of choice vs. strict controls; easier access vs. increased consumption; beer company control of distribution vs. free enterprise competition.

The provincial government, if it follows the course reported so far, is wise to let the municipalities decide the matter. Contrary to what some might say, the Liberals are not "passing the buck", but rather recognizing the need for local input, similar to that required in the expansion of liquor regulations.

We suggest the local councils should take a cue from the provincial legislators and go to the people with the question. One of the county's reeves has suggested that a plebiscite would be the best way of determining the wishes of individuals with a particular municipality. We concur.

The feelings on both sides of this issue are strongly held and the only way to ensure the community's voice is heard is to allow the constituents to express their feelings in a formal vote.

Signs of spring

letters letters letters

Editor:

I would like to make this an open letter to your readers.

Sometime between Easter weekend and the weekend of May 10th, 1986, some despicable creeps, thieves or whatever, came to my cottage property on Peach Lake and stole the top section from my dock. The dock was sitting on land, away from the shore line and was placed there for the winter.

I made the dock in such a way that it was fairly portable and easy to remove or install without going into the water. The base is 16 feet long and the top consists of two eight foot sections and is 30 inches wide. It was made from pressure treated lumber. It was not a masterpiece but it was a dock. Now that it is missing, it is a nuisance and an expense that has to come out of my pocket to replace. The value is not great, but it still costs money.

I have reported this to the Ontario Provincial Police in Minden for what it is worth,

but maybe, just maybe, one of your readers might have some information as to the snivelling thieves who see fit to visit fellow cottage owners and steal what they want rather than work for it and make it themselves.

Because of this theft, I now feel that I have to put a gate across my road to deter the easy access to such low life. I don't know how many other people have lost things to these cowardly vultures, but the more of them that are caught and prosecuted, the better off the community will be.

Maurice Woods,
Peach Lake.

Editor:

To Mr. Nesbitt and Council:

So the village of Minden are wanting again. This time a Heritage Park, which the rest of us are going to help pay for. When will it dawn on them we have enough places to relax or play in, what is needed are places to work in? The time has come for people in surrounding areas and summer residents

who make up - Anson, Hindon and Minden to send a petition to government requesting the village of Minden be incorporated, so only they will pay for their wants and hopefully only want what they can pay for.

Come take a heritage stroll around Carnarvon where we are given two choices, walk in the litter or the traffic. Remember it did not take us long to replace the entire council last election day, and we can do it again.

Anne McKay,
Carnarvon.

Editor:

Often a good job goes unrecognized so we would like to take this time to congratulate and thank this year's street sweeping crew for a job well done.

Rain or shine they are on the job giving downtown Minden a fresh clean look. It has never looked so good.

Thanks again guys.

Harry and Susan Pye
Minden

outdoors

Following two decades of steady decline, osprey are on the rebound in southern Ontario. Their comeback is welcome news - especially so in spring, when they provide spectacular viewing while gathering branches for monumental nests, and fish for fast-growing progeny.

Anyone fortunate enough to get a close look at an osprey is in for an awesome experience. Mammoth birds, their wingspan reaches 2 m. and they stand .6 m. high. Like the bald eagle - with which the osprey is often confused - they're dark brown and white. The eagle resembles a dark brown bowling ball with stark-white turrets of head and tail projecting. The osprey, by contrast, is divided like an airplane - dark brown above and white below, with a small white crown.

Osprey are at the pinnacle of the aquatic ecosystem - and therein lay their downfall. Lakes and large, slow rivers are the ultimate repositories for persistent pesticides applied to the landscape. Many of these chemicals are not readily soluble in water, but float along in suspension - like oil-and-vinegar salad dressing - or latch onto bits of plants and water-borne debris.

In aquatic systems, these chemicals don't sit "free", but are immediately consumed and tied up in algae and invertebrates. Because the poisons are fat soluble, they're quickly digested and absorbed, but almost impossible to excrete. As these organisms are consumed by larger and larger animals, the chemicals are concentrated through the food chain, reaching high levels in bottom feeders - like suckers - and medium to large sized fish.

Enter the osprey, which build massive nests of sticks - often 1 1/2 m. across by 1 m. deep - in large dead tree-tops, beside expanses of shallow water.

These nests are added to each spring, and used year after year through the osprey's long, 10 - 15 year breeding life. From the nest, they soar 3 - 20 m. above the water, watching for fish lazily sunning themselves just below the surface.

Diving right into the water, with a thunderous splash, osprey seize the fish using remarkable feet. Most birds have 4 toes - 3 forward and 1 backward. But in the osprey, 1 of the forward toes can swing around to create a foot with two matched sets of talon-equipped tongs. Moreover, the bird's soles are covered with spiny, sandpaper-like surfaces, which penetrate the fish slime. Flapping wings, the osprey hauls its prey - carried parallel to the bird's (more on page 6)

Bed and breakfast provides warm, friendly welcome for travellers

by Chris Haslett

The histories of these two couples are considerably different, yet they have come to the same town to practice a common profession. Both are now the owners of Bed and Breakfast (B & B) inns in the village of Minden.

When Pete Worrell opens Kent House in a few weeks, he and his wife Marg will join Stan and Marion Hill, owners of Minden House, in offering overnight stays to small groups of tourists. At a total of seven rooms, the B & B accommodation in Minden is still small. Ranked against other types of business, however, the B & B alternative is growing remarkably fast.

In fact, the idea has "blossomed," to use the words of Mr. Hill. Unheard of ten years ago, B & B inns are now found in local towns such as Haliburton, Lindsay, Bancroft, Cobocok and Bobcaygeon. A low-priced paperback guide to Ontario B & B inns is regularly published and can be obtained at Minden House.

Why B & B inns? And, more importantly, just what makes a real B & B? The Hills are unabashedly romantic about the idea after staying at many such inns in England and

Scotland. They stressed that they have special appeal for older people or anyone a "little bit lonely." They reinforce the homeliness of Minden House with card games and a general tea for the guests at night.

Minden House was built in 1863. Mr. Hill acknowledged that the home's antiquity is a big draw, given the public's renewed interest in the past. What distinguishes B & B inns from ordinary hotels and motels is the fact that they were not built for that purpose. Instead, the owners decide to convert a home - a large, old house seems to be the rule - into guest rooms. As with Kent House, there is floral wallpaper, darkly stained wood trim and original hardwood floors, albeit slightly crooked.

For both of Minden's B & B operators, opening a small inn has been a romantic notion, as well as a once-in-a-lifetime business opportunity. Mr. Hill was a veteran elementary school principal in Brampton before moving up to Minden six years ago. Pioneering the idea of B & B meant, for the Hills, tackling a curious inhibition among Canadian tourists.

Although people generally accept the idea now, "they were originally a little

Pete and Marg Worrell flank the sign that marks their new bed and breakfast inn, Minden's second. The painting shows an English barn, similar-in style to those found in their native Kent County.

leery of B & B. They thought that going into someone's home was an invasion of privacy," according to Mr. Hill.

One of the few remaining problems lies with accreditation. The Hills rent some small cabins which the Chamber of Commerce lists in its directory, but it will not list the B & B rooms in the main house, a fact which the Hills resent.

The Worrells of Kent House will bring an English

flavour to B & B in Minden. They are as new to the hotel business as they are to Canada. The Worrells believe in their ability to make up for their lack of experience running an inn, however. They both pronounced themselves good cooks and plan to give their guests a hearty English-style breakfast.

"A bed and breakfast establishment is meant for people who just want to stop overnight, if they are half-

way between two points," explained Mr. Worrell. This is not entirely accurate, since the length of stay at Kent House, when it opens, won't be limited to one night.

B & B was a successful solution in England, according to Mr. Worrell, "because people can just get into their cars and stop anywhere - they know they'll find a bed and breakfast inn when they arrive."

The Worrells relish the idea of mixing with their

guests. Mr. Worrell promotes togetherness as part of the B & B experience and guests will dine communally at a long breakfast table.

Kent House is also very old. It has been named after the couple's native county in England, which they commemorate by a painting of a curious looking farmhouse on the front sign. Such "oasthouses" are a

(more on page 9)

The attack from above

- by Gary Kenney -

Back in the days when two Wright brothers began converting bicycle parts into aviation history, and a Mr. Benz was perfecting the first automobile, an American innovator attempted to capture the world silk market using imported gypsy moth worms.

The Kittyhawk flight is famous; we'd all like to drive a Mercedes Benz, and the silk venture failed in a way that is just as legendary.

A few moths escaped into the New England countryside where no natural enemies existed to feed on them. They prospered unnoticed for decades, at the expense of a few oak, maple, and other tasty hardwoods.

They are very noticeable now. Like a Hollywood monster flick, the moths gained strength in such numbers that they devastate entire woodlots within months.

Around 1980 they crossed the border and entered Ontario. In 1981 the invasion force was concentrated on a few sections of land in Lennox and Addington County. This year they have spread into nearly two million surrounding acres.

Bill Hurst has been hired by Peterborough County to coordinate this summer's spraying of a 3,000 acre target area and an 8,000 acre periphery. He hopes that will check the moths in his county before they really get rolling.

The sprays are the result of a nine county petition to the Queen's Parking Lot that began with a Frontenac County resolution two years ago. Since that time nearly every jurisdiction from Renfrew to Peterborough has been attacked by the moth larva.

Mr. Hurst feels it's only a matter of time before

Haliburton County will have a serious outbreak, perhaps just a year or two down the line. "Now is when to get ready", he says.

Mr. Hurst pointed out several advantages to early planning. The Canadian Forestry Service regularly monitors Ontario forests with infrared aerial photography. Such films quickly spot potential attack sites and the staging areas of gypsy moths in neighbouring counties.

If a spray program has been publicly reviewed and approved for use, an early battle can be fought on fewer acres and at less expense.

Dollars and health are the major concerns residents have about aerial spraying. So far the province has authorized the use of an organic material deadly only to gypsy moth larva while they feed on hardwood foliage.

In Peterborough County, the cost to private landowners will be \$75 for lots under 2 acres, \$150 for 2 - 10 acres, and \$150 or \$1.00 per acre (whichever is more) for areas over 10 acres in size.

County council meets today. Let's hope they strike a committee to begin publicly reviewing all aspects of the gypsy moth problem, visiting with their counterparts in areas already under siege, requesting federal aerial reports, and negotiating provincial assistance to protect our forests.

Is the Chamber of Commerce playing by its own rules?

There is no way of knowing if the right questions would have been asked. But that's beside the point now. The fact is, county council never did get the chance to discuss how \$180,000 in taxes will be used for Chamber

promotions over the next three years.

We also don't know if the private committee meetings that arranged the grants took into account any aspect of the Chamber's contract with Allcom Marketing.

Which leaves this nag with several questions:

1. Will Allcom eventually own the Chamber's brochures as they will reportedly own the Central Ontario Travellers Association brochures? (see *Small Business Magazine*, April '86)

2. Does Allcom have the right to sell the best advertising locations (the covers) to the highest bidder outside the county?

3. Is there no stipulation Allcom must first approach local advertisers like Oshawa Wholesale (IGA) or Valu-Mart before going to Knob Hill Farms?

4. Will the next brochure sell the virtues of Muskoka's Deerhurst Inn, or Collingwood's ski trails?

5. If Allcom only took on this type of work two years ago by investing approximately \$25,000 in computer equipment, are there not local printers who could do the same?

6. How many new jobs could be created if the Chamber tendered locally and allowed county printing operations to take advantage of federal and provincial assistance programs?

7. How many brochures and promotional packages could be produced for other local businesses if the Chamber used their budget to foster such growth?

8. Does county council not feel responsible to discuss such questions before granting tax dollars for Chamber promotional efforts?

9. For how many years has the Chamber contracted its brochures to Allcom?

Provincial budget boosts tourism

- by John Eakins, MPP -

There is no one respected more by all parties in the provincial legislature than the Treasurer, Bob Nixon. This was the Treasurer's second budget since being

appointed to the post, and the document represents a continuation of the themes presented in the first budget of last October. The budget, will help residents of

Ontario throughout the province, particularly those in Victoria - Haliburton.

I was very pleased to see the Treasurer's statement on tourism, an industry which is vitally important to the

economic well being of Victoria - Haliburton. Mr. Nixon stated, "Tourism is one of Ontario's most important service industries. The Ministry of Tourism and Recreation is preparing a strategic plan to assess where future development of the tourism industry is needed. In the meantime, the Minister of Tourism and Recreation, John Eakins, has launched a new marketing campaign to attract visitors to the province and is developing a hospitality awareness program to encourage repeat visits to Ontario. I am providing \$10

million in new funding for these and other tourism initiatives in addition to \$2.8 million in capital assistance for new hospitality training facilities."

I was also delighted to hear the Treasurer mention our government's commitment to new technology, especially in eastern Ontario. The reorganization of the Ontario Development Corporation, its broader range of programs, and its higher allocation should be of particular benefit to eastern Ontario. And, as Mr. Nixon stated in the legislature during the televised budget speech, "recently, government assistance encouraged the

establishment of auto parts plants in Peterborough and Lindsay, involving a total investment of \$68 million and the creation of almost 500 new jobs. These developments clearly point to the rich potential for this area of the province."

I could not agree with my colleague more when he said, "the budget responds to the individuals, regions and industries that need immediate help. But it offers something more: a series of concrete incentives to innovation and entrepreneurship, the forces that are propelling Ontario into tomorrow's advanced industrial economy."

A toll-free number has been provided for out-of-town callers: 1-800-387-5589. After May 23, please call (416) 965-4748.

Census is important

- by Bill Scott, MP -

1986 is a census year in Canada. On behalf of the government of Canada, I urge all my constituents to participate in this census.

The Census of Population is the most complete source of accurate information about Canadians. It provides a detailed picture of Canada, as well as valuable information which enables business, government and community groups to make future decisions.

The last census was held in 1981 and a lot has happened in the past five years. When this year's census information is com-

pared it will show how Canadians have adapted to living with the changes.

The census of population will ask every household nine basic questions about age, sex, marital status and aboriginal status. Every fifth household will answer an additional 23 questions covering such topics as language use, disability, educational attainment and employment.

The census of agriculture

will be held at the same time. Farmers will be asked for information on crops, livestock and farm machinery as well as their use of fertilizers and pesticides.

The census form that you complete is strictly confidential. The information you provide will be used to calculate statistics that describe our entire nation.

Census data is vital to all Canadians so, on June 3, Count Yourself In.

Outdoors

(from page 4)

body - to a perch or the nest, where it is dismembered and eaten.

The osprey's long life and exclusive fish diet resulted in poison accumulation, to the point where reproduction failed. The adult birds survived, but couldn't reproduce successfully, because thin-shelled eggs broke before hatching.

Fortunately the collapse

was recognized before poisons reached the point of causing serious damage to the whole system, and people. Banning of DDT and controls on other pesticides has allowed surviving osprey to reproduce, and begin spreading back across the countryside.

Osprey are now reappearing in the Kawarthas, and in the agricultural lands rich in kettle lakes centered on Waterloo. They may well spread widely - if they're given a chance.

Perhaps the most serious threat to osprey's rebound is the mistaken impression many people have, that osprey are competitors for

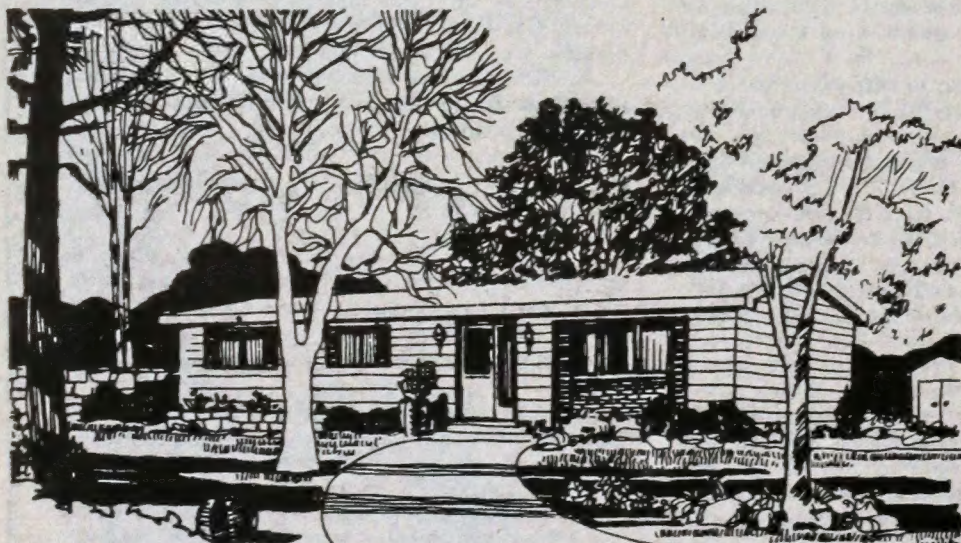

game fish. Many osprey have been shot, or their nests destroyed, by misguided souls who wanted to "protect fishing".

Such destruction is not only illegal; it's also totally unwarranted. In reality, osprey feed almost completely on coarse fish - suckers, sunfish, perch and brethren - which are slow and light enough for osprey to catch. The few bass or pickerel which are caught are usually parasitized or sick and insignificant to a lake's population.

It's encouraging to know that osprey are coming back - and that our blunders aren't all irreversible.

We've got the home to fulfill your dreams.

Spring Fling hurt by inclement weather

Bill Coleridge ignores the bad weather and has a go at a game of horseshoes during Haliburton's Spring Fling.

Last Saturday the weather was glorious, but Sunday was rainy and wet making it the second year in a row that Haliburton's Spring Fling has been dealt a low blow by the elements.

Reeve Murray Fearrey and Deputy Reeve Bill Davis were there at Head Lake Park to greet the hardy but moderate crowd. "They should have left Victoria Day on the 24th, instead of

moving it ahead a week," said Mr. Fearrey to Mr. Davis as the two men peered through the mist at the low, grey clouds.

Despite the rain, participants, organizers, and spectators alike did their best to have a good time, and for the first few hours everything went well. Mr. Davis bravely made the official opening speech shortly after 2 p.m., making way for the family triathlon,

shuffleboard, and horseshoe tournament to begin. The rain continued, but the competition was fierce.

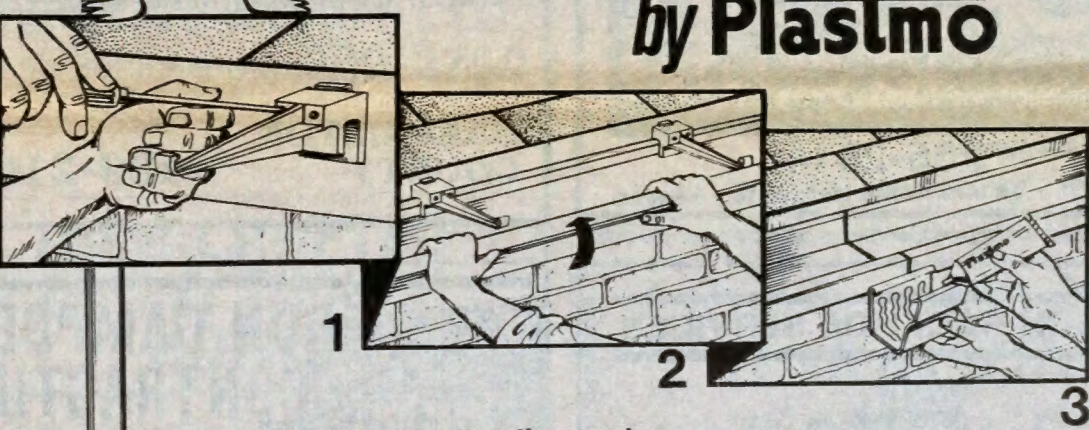

Down at the lake, a group of hardy children dangled fishing lines in the water as they competed in the fishing derby. By 3:30, one small boy had already caught a total of 14 fish.

And the boardwalk by the Rails' End Gallery was also bustling as the senior

citizens ran a very popular bake sale. Even the shoppers, caught up in the heat of bargaining, didn't seem to notice the bad weather.

But toward 4:30 though, the rain became heavier and Mr. Davis was forced to take the stage to announce that the rest of the day's sporting events were cancelled. The Giant Fireworks Display however, went off as planned.

B & B tradition comes to Minden

(from page 5)

favourite of Mr. Worrell, used to air-dry hops grown in Kent and destined for beer brewing.

Although the Worrells are new to Canada, they have visited the area often; their son-in-law was already running a service station in Minden when they arrived. Bureaucracy was the chief barrier in their effort to establish residency here - a struggle which began in 1977 and lasted until late 1985.

As a corporate chauffeur for a large perfume manufacturer, Mr. Worrell had first tried to immigrate as a car driver. With only a few years left in their careers before retirement, the couple made it in on a work permit, listing themselves as self-employed.

Operation of this, the second B & B establishment in Minden, may begin in one to two weeks. The Worrells plan to start it all off with a day-long open house and refreshments.

Stan and Marion Hill were among the first people to open a bed and breakfast inn in Ontario. Their guest book includes the names of 138 visitors who have enjoyed their hospitality so far.

Hustlers begin rebuilding year Thursday night

The Minden Rockcliffe Hustlers will start the 1986 season this week at home on Thursday night at 8:00 p.m. against Beaverton.

This is a rebuilding year for the locals, and many new young faces will be in the line up. Coaches Gene Newell and Neil Burk will be trying to build a competitive team around last year's regulars Jack Snell, Dave Dollo, Dave Hartwick, Tom Haley, Colin and Greg Newell.

Newcomers this year include Doug Shaw, Kevin Smith, Lennie Johnston, Kevin Hamilton, Andrew Burk, Ben Manuge, Rob Craigen and others.

The Hustlers would like to point out the change of home nights from Wednesday to Thursday, hoping to gain more fan support, so let's get out and give the boys a boost.

This year's schedule

Thursday, May 22, 8:00 p.m. - Beaverton at Minden
Sunday, May 25, 2:00 p.m. - Minden at Lin. Kent Tavern
Sunday, May 25, 4:00 p.m. - Minden at Lin. Town Rental
Thursday, May 29, 8:00 p.m. - Bobcaygeon at Minden
Monday, June 2, 8:00 p.m. - Minden at Bobcaygeon
Thursday, June 5, 8:00 p.m. - Janetville at Minden
Thursday, June 12, 8:00 p.m. - Lin. Kent Tavern at Minden
Sunday, June 15, 2:00 p.m. - Minden at Lin. York Tavern
Sunday, June 15, 4:00 p.m. - Minden at Lin. Pizza Hut
Thursday, June 19, 8:00 p.m. - Lin. Pizza Hut at Minden
Sunday, June 22, 2:00 p.m. - Minden at Janetville
Thursday, June 26, 8:00 p.m. - Lin. Town Rental at Minden
Friday, June 27, 8:00 p.m. - Minden at Beaverton
Thursday, July 3, 8:00 p.m. - Lin. York Tavern at Minden
Thursday, July 10, 8:00 p.m. - Woodville at Minden
Thursday, July 17, 8:00 p.m. - Minden at Woodville

Noteworthy performance from students

Parents, relatives, friends and fellow students were in hand Thursday evening as the senior students at Archie Stouffer Elementary School presented their annual music night in the school auditorium. The event provides an opportunity for the students to demonstrate the musical abilities acquired during the past year.

The youngsters entertained the receptive audience with a variety of numbers including presentations by the grades 6, 7 and 8 bands, ensembles, duets and solos.

The evening even included several surprise appearances by such well know rock bands as Dire Straits, Ratt, and Quiet Riot. With students dressed to match the strange costumes of their favourite rock groups, the students acted the parts of the rockers while lip-syncing the words to the recorded music.

In addition to the members of the three bands, the following provided feature performances:

-Clarinet ensemble: Sara Mowat, Michelle Walker, Janna Obee, Abby Burk, Sonya Cooper, Kim Johnson and Tanya Little.

-Tuba solo: Danny Reid.
-Piano duet: Laurie Smith and her mother.
-Flute solo: holly Archer.
-Clarinet duet: Janna Obee and Abby Burk.
-Trombone solo: Shaun Steele.

-Trumpet solo: Justin Gentle.
-Vocal solo: Lisa Carr accompanied by Stuart Mills.

-Piano solo: Saskia Smith.
-Flute ensemble: Tara Warnes, Angie Tousaw, Laurie Smith, Lisa Valentine, and Rebecca McAdam.

-Piano solo: Greg Hamilton.

-Trombone duet: Hunter Obee and Jay Garbutt.

-Trumpet ensemble: Justin Gentle, Darnell Francis, Karen Cooper, Larry Little, Lisa Carr and Dale English.

-Piano solo: Laurie Smith.

-Brass quintet: Justin Gentle, Karen Cooper, Lisa Carr, Shaun Steele and Craig McKnight.

-Trombone ensemble: Shaun Steele, Hunter Obee, Jay Garbutt, Kent Taylor and Chris Holliday-Rhodes.

-Piano duet: Greg Hamilton and Stuart Mills.

The young musicians and evening performance was under the direction of music teacher Glen Carter.

Scenes from music night: above, the grade six band under the baton of Glen Carter, left, the clarinet duet of Janna Obee and Abby Burk, below, grade six students Stephen Beaver, Jaime Walker, Jay Hughes and Dustin Vanesse provide their imitation of the rock band Ratt.

Athletes capture two track and field titles

The HHSS track and field team has captured two trophies at the Kawartha Championships held last week in Peterborough. This is the first time in the history of the school's participation that they have taken two of the top honours.

The boys team captured the over-all boys honours with a 213 point performance, besting their rivals from St. Peter's High School who managed 183 points. The Haliburton team also won the 'A' school trophy with 300 points, far ahead of the team from Norwood District High School with 209. The win was the eighth in a row for the school.

The local athletes also managed a second in the entire competition with a total of 300 points to St. Peter's High School's 426.

The top athletes from the latest competition now advance to the Central Ontario Secondary School Association championships which will be played Thursday at Trent University in Peterborough.

Representing HHSS at this competition are the following athletes:

Midget boys

Rob Waller (2nd) long jump; Brent Flood (3rd) 100 m hurdles; Steve Rowell (3rd) pole vault; Marty Andrews (3rd) discus.

Junior boys

John Vanderhorst (1st) 400 m, (2nd) 200 m, (4th) 100 m, (4th) 400 m relay and (1st) 1600 m relay; Dan Johnson (1st), shot put (3rd) discus; Brad Archer (1st) discus, (2nd) shot put, (4th) 400 m relay, and (1st) 1600 m relay; Ron Perrin (2nd) javelin; Ted Paish (3rd) 1500 m, (3rd) 3000 m, (4th) 400 m relay; Jeff Popple, (2nd) discus; Darren Whittaker (4th) 110 m hurdles, and Craig Crowe (4th) 400 m relay.

Senior boys

Alex Little (1st) 1500 m, (2nd) 800 m, (2nd) 400 m, (1st) 1600 m relay; Trevor Powers (1st) 110 m hurdles, (4th) 400 m hurdles; Mark Carl (2nd) 2000 m steeplechase; Paul Milne (2nd) 3000 m; Daryl Ward (4th) shot put; Peter Allore (4th) discus; and Craig Burk (1st) 1600 m relay.

Midget girls

Jodie McKnight (1st) 800 m hurdles, (3rd) javelin,

(2nd) 400 m relay; and Tanya Willison (4th) 400 m hurdles.

Junior girls

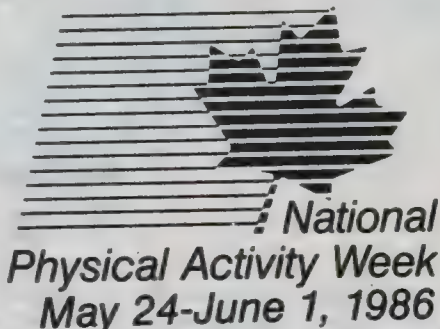

Lesley Tashlin (1st) 80 m hurdles, (4th) 200 m, (2nd) 400 m relay; Lindsey Tashlin

(3rd) 100 m, (2nd) 400 m relay; Terri Legge (2nd) discus; and Lori-Anne

Duguay (2nd) 400 m relay.

Senior girls

Miriam Smith (1st) discus; Anita Kuno (3rd) shot put; Rhonda Walsh (4th) 1500 m, (4th) high jump; Karen Madiill (4th) 400 m relay; Marsha Bain (4th) 400 m relay; Gina Brohm (4th) 400 m relay; and Tracey Harrison (4th) 400 m relay.

Minden

The members of the Minden Monarchs Juvenile and the Haliburton Huskies Bantam hockey teams were honoured for their outstanding performances during the past season at a special banquet Friday evening at Pinestone Inn. Sponsored by the municipalities of Dysart et al and Anson, Hindon and Minden, the evening provided an opportunity for the two communities to show their appreciation to the players who provided an exciting season at the two levels. Among the speakers to address the crowd was former hockey great and Pinestone president Wren Blair. Mr. Blair is seen addressing the audience while Haliburton hockey coach Gary Brohman, left and Minden coach Jeff Campbell listen intently.

Trent-Severn waterway report

Following the modest snowpack, which was mostly gone by March 31, the rainfall has been less than half of normal. This has resulted in the lakes not reaching their normal full levels. In the Haliburton area, Trent-Severn lakes had reached a peak of about 88% by May 12.

The Gull, Burnt and other Trent River tributaries are running near minimum flows, so the decline of the lake levels should be slow for the next week. Thunderstorms and showers predicted for the long weekend could help reduce the need

for any higher flow of reserve water.

The Kawartha Lakes are near their full levels for navigation, but only a small surplus exists to reduce requirements from upstream. The Otonabee River flow has been reduced to near the operational minimum as well.

Lake Simcoe-Couchiching did not reach its full level this spring either, though it appears to be holding steady the past three weeks. Only a very small flow for operational needs is being discharged from this lake.

The Glenroy Lodge was hopping with the sounds of jazz Sunday as the proprietors sponsored a jam session featuring well-known Toronto musicians. The afternoon and evening sessions drew an enthusiastic audience. Those in the band included, saxophonist Don (DT) Thompson, pianist Norm Amadio, drummer Alex Lazaroff and bassist Bob Price, among others.

Council briefs

The Council for Anson, Hindon and Minden met last Tuesday and covered a large agenda.

- It was reported by Parks and Recreation Manager Brian Sisson that work on the development of cross-country ski trails is proceeding as planned. \$10,000

was allotted for the job.

- Questions about traffic problems that might occur in Minden during the Black Bear Rally this Saturday were raised. It was decided however that congestion of the roads is likely to be only slight.

- A Board of Management for the Minden Business

Improvement Area was appointed. The members include: John Pentney, Wayne Henderson, Jack Brezina, Shirley Walker, Gord Monk, Stuart Brandon and council representative Deputy Reeve Bern Berry.

- The wages and benefits of employees of the Muni-

cipality were then set. There were rises here, but no general increases.

- The salary and expense allowances for members of Council were also agreed on and there was an across-the-board rise here of \$1,000. Half of that increase will go to members' salaries and the other half to expenses.

Livestock compensation available

Every year there are numerous instances of farm animals being attacked by dogs or wolves. Farmers need to be aware that municipalities in Ontario are liable for damages (up to a preset limit) in many of these cases, under *The Livestock and Poultry Protection Act*. The liability includes cattle, swine, sheep, goats, horses, poultry, rabbits, hive equipment, honey bees, and fur-bearing animals.

Livestock owners must take reasonable care to prevent killing or injury by dogs or coyotes. If damage is discovered, an owner must immediately inform the clerk's office in your municipality, or a livestock valuer. A livestock valuer is

appointed by the municipality to assess the amount and type of damages. Damages are payable provided reasonable care was exercised and the damage was not caused by a dog owned or habitually kept on the premises. Damage must be proven by seeing the animal carcass, and no carcasses can be removed until verified by the valuer.

In the case of wolf damages, the Ministry of Natural Resources is also notified, and efforts may be made to trap the wolf. If either the municipality or the livestock owner is not satisfied with the valuers report, it can be appealed. Compensation is based on market value up to the maximum in the Act.

Under the Act, any person may kill a dog that:

a) is found killing or injuring livestock or poultry
b) in a township or village, is found between sunset and sunrise straying from the premises where the dog is habitually kept; or

c) is found straying at any time and not under proper control upon premises where livestock or poultry are habitually kept.

If you have livestock damage by dogs or wolves, contact your township office.

Did you know?

by Jane Selbie

A winter of unemployment, a bout of illness along with prescription expenses, or perhaps just a month when all the bills arrive at once, may be all it takes to tip the balance in a tight budget. The temptations of charging so often gets hard working people in debt over their heads.

Credit Counselling is available for anyone who

wants it. Counsellors can help budgeting or credit guidance, help with creditors or developing a debt repayment plan. There is no charge for the service.

If you would like help to get control of your financial problems, call the Information Centre 457-2733, for a pamphlet on credit counselling and where to call for an appointment. Your contact with us is strictly confidential.

Grant will help

A Federal job creation project has allowed the Ministry of Natural Resources in Haliburton County to provide three new jobs, Bill Scott, MP for Victoria-Haliburton, announced last Wednesday. Of the almost 40 thousand dollars needed to create the jobs, \$24,570 is coming from the Federal Government in unemployment insurance funds, and another \$14,900 is being provided by the

MNR.

The object of the project to improve fishing, hunting and wildlife viewing opportunities in the County. Wayne Wilson, a biologist with the Ministry, and one of the people in charge of the scheme, says the new job which will last 26 weeks, will allow people an opportunity to get job training and work experience. To be eligible for the positions, applicants had to be registered

unemployment insurance. They will be paid "slightly more than they might have received in weekly benefits." The jobs began on May 12 and will continue until the middle of October.

Two of the people hired, says Mr. Wilson, will be working in the fisheries department. Their job will be to keep a record of the fish population in various lakes and rivers in the

County. For 13 weeks, these two people will be working with other Ministry employees, "index netting" in the Drag River. This involves netting fish in the river to determine the average size and age of the population. All fish are marked and then released back into the river. For the remaining 13 weeks the employees will carry out similar indexing projects on other lakes.

The other employee in the job creation scheme, says Mr. Wilson, will work at the Frost Centre on a number of different jobs. One of the tasks will be to create wildlife openings, clearings in the forest where animals can graze and where people can easily see them.

Other tasks include mapping and marking the various trails in the forest reserve.

Anson, Hindon and Minden Reeve Sinc Nesbitt snips the ribbon to mark the official opening of the Minden Satellite Services store on St. Germaine Street. The reeve was surrounded by family and friends of the owners for the occasion. Witnessing the ceremony are Elinor Burke, Linda and Keith Oitment, their children and Keith's parents.

OPP continue crackdown on impaired drivers

Drivers in the Peterborough - Victoria - Haliburton areas can be falsely proud of themselves. They are number 2 on the charts, the impaired driving charts compiled from all O.P.P. Detachments in the Province.

Port Credit Detachment holds the dubious title of being number 1 for 1985 with 474 drivers charged with drinking - driving offences. Peterborough Detachment's 416 charged drivers only rated a second place rating last year with 435.

The sad thing with these statistics is the fact that serious accidents go hand-in-hand with drinking drivers.

During 1985 O.P.P. Officers in the Peterborough District, which includes the Minden Detachment, investigated 4712 motor vehicle accidents. There were 51 fatal collisions with 62 people killed as well as 1390

personal injury accidents in which 2224 people required medical attention.

Ask your neighbours what age group they think is most likely to be an impaired driver. Most would reply "teens or young people". They would be wrong.

People killed in alcohol-related traffic accidents are usually in the 21 to 35 age group. The average age of

drivers killed in motor vehicle accidents this year is 40. The youngest so far was 19 while the oldest was 72. This indicates that programs such as Students Against

Driving Drunk (S.A.D.D.) and others with the same goals are getting through to our young people.

Hopefully strict enforcement will put a stop to the increasing death toll on the

highways. From January through April 30 this year 18 people were killed in traffic accidents in the Peterbor-

ough District compared to 11 for the same period last year.

This carnage must stop and we will be doing our utmost to make it stop.

If you must drive, don't drink, if you do drink, don't drive.

Local detachment reports unusually quiet week

The rainy weather may help explain why the Victoria Day weekend was the most peaceful one in memory for the police.

The Minden Detachment of the Ontario Provincial Police reported no major accidents of any sort nor significant criminal activity for May 12 - 18.

There were six motor

vehicle accidents this week in the area covered by the detachment.

On May 13, a wallet containing a "significant" amount of money, but no identification, was found in Haliburton Village. The owner can claim the wallet at the Minden OPP Detachment office by identifying the wallet and its contents.

A fibreglass canoe was brought to Minden Detachment after being found

adrift on Little Bob Lake last week.

As well, the Minden Detachment spot-checked

650 cars this weekend, but were not able to lay a single impaired driving charge.

Refreshments

Members of the Minden and District Lions Club installed their executive for the coming year at a special banquet Thursday evening. Among those assuming office for the coming year is the newly elected president, Joe cannon, second from left. Other members of the executive include, from the left, secretary Maurice Boyd, third vice president James Hamilton, treasurer Allan Rice, second year director Leon Wright and second vice president Cliff Lacey. Other members of the incoming executive include: first vice president Wally Bunn, first year director Gary Foster, Lion Tamer Bob McNab, and Tail Twister Dave Howell.

Asparagus: savoury shoots

April showers bring May flowers, like crocuses, daffodils and, believe it or not, asparagus - the delectable member of the lily family!

Ontario asparagus is available from late April to late June, with the supply peaking from mid-May to mid-June. When buying asparagus, look for straight, bright green stalks with tightly closed, purplish tips. Asparagus is generally sold in 500 gram (one pound) bunches, which provide four large servings.

Ontario asparagus is generally in the stores within a day of harvest and is best eaten the same day as purchased. However, the fresh flavour of Ontario asparagus can be maintained for up to two days, if the stalk ends are wrapped in a dampened paper towel and the spears stored in a plastic bag in the refrigerator crisper.

When preparing for cooking, easily snap off the butt ends of the stalks where the white turns to green. (You can keep the ends to add to soups). Wash thoroughly in cold water and remove any traces of sand from under the scales. Take special care in handling the tip ends as they break easily.

There are many methods of cooking asparagus, but the secret to a superbly cooked product is timing. Whether steamed, boiled or stir-fried, asparagus should be cooked until tender-crisp, or about 5 to 7 minutes.

To cook asparagus in a microwave oven, arrange the stalks in a circle, with the tips facing the centre. For two servings, add 25 ml of water and cook at full power for 2 to 3 minutes. For six

servings, add 50 ml of water and cook at full power for 4 to 5 minutes. Asparagus is also delicious served cold. After cooking, immediately refresh under cold water to set the colour and stop the cooking. Drain and chill.

You can make the asparagus season last longer by freezing. Simply prepare as for cooking, then group spears according to thickness of stalks. Blanch small spears 2 minutes, medium for 3 and large for 4. Cool, drain, and pat dry and seal spears in freezer bags. Store up to one year at normal freezer temperatures.

Be sure and enjoy the fresh, delicate taste of Ontario asparagus as often as possible, while it's available.

Nuclear information day

An Information Day on Nuclear Fuel Waste Management will be held on Friday, May 30 at the Lindsay Agricultural Office. Registration is at 9:30 a.m. and the program runs from 10:00 a.m. to 3:30 p.m. Admission is \$2.00 payable at the door.

Jo Hillier, Community Relations Officer from the Whiteshell Nuclear Research Establishment in Manitoba will be the guest speaker. The topic areas to be discussed are Radiation - Is Part of Your Life and Nuclear Fuel Waste Management - Protecting The Future.

It is your right and responsibility to become better informed. Everyone is welcome to attend this educational information day. For further information, contact the Agricultural Office in Lindsay at 324-6125.

Tripartite stabilization

All of the details regarding the new Tripartite Stabilization Programs have now been finalized and packages containing all of the necessary information and application forms are being mailed to farmers across the province.

Over 500 farmers in Victoria and Haliburton Counties can expect to receive this package by mail - a number have already been received. These packages are being sent to all the beef and sheep producers who are enrolled in the Provincial Red Meat Program, and all Pork Producers who are shipping hogs through the Ontario Pork Producers' Marketing Board.

It is anticipated that all of these packages should have arrived by the end of May - if you have not received a package in the mail by then, contact the County Agricultural Office to obtain your package.

The Tripartite Stabilization is, in essence, an income insurance program, which can provide a payout if the prices of an insured commodity drops below a certain level. Programs are available for both beef calves and slaughter beef cattle, for lambs and for market hogs. The deadline

for signing up to participate is June 15 for pork and sheep producers, and June 30 for beef producers.

We expect there will be a number of farmers who will have questions about this new Tripartite Stabilization Program. As a result, an Information Meeting will be held on Wednesday evening, June 4th, in the Conference Room at the Lindsay Agricultural Office, starting at 8:00 p.m. All interested farmers in the area are welcome to attend.

HELP WANTED

Camp Kandalore needs a full or part-time maintenance person. This is an ideal position for a retired or semi-retired individual possessing some knowledge of septic, water and electrical systems and has some general carpentry skills. For full details please phone or write:

BRIAN F. ADAMSON B.A., LL.B.

is pleased to announce the relocation of his law practice to

MILNE STREET at PRINCE STREET

opposite the Minden Post Office effective May 12, 1986.

Box 217

286-2550

GRASS GROOMER.

The Kubota B6200 with a mid-mount mower grooms grass with precision.

The three-cylinder, 15 horsepower diesel engine is smooth running and quiet, as well as fuel efficient.

The B6200 has other special features, too. A hydraulic position control, three-point hitch, front and rear PTO plus a choice of two- or four-wheel drive.

So put a new Kubota B6200 to work, wherever there's grass growing under your feet.

KUBOTA
Nothing like it on earth.™

New law affects wills

Strong attendance at the Home Support Dinner in Wilberforce last Friday provides evidence once again that the mutual help organization of elderly and handicapped people is performing a valuable service for the community. At the top of the agenda was a talk by guest speaker Ray Selbie, a Haliburton lawyer, on the necessity of understanding the new Family Law Act before making out a will.

"It used to be," said Mr. Selbie, "that a will was the most powerful document a person could make." But under the new Family Law Act, passed by the Provincial Government on March 1 of this year, the will is not necessarily binding. The new law sees the family as a sort of economic partnership, in which each of the members is entitled to a share of the net assets, Mr. Selbie explained. "The whole concept of the new act is based on equality."

On a practical level, he pointed out, the new law affects us most when we make out our wills. "If a spouse doesn't believe he or she has been dealt with fairly in the will, he can ask for equalization under the new

Guest speaker Ray Selbie addresses the audience at the Home Support dinner in Wilberforce last Friday.

law." If the court agrees, the will will be over-turned and the spouse will receive the money the law considers his due.

And there are complications, Mr. Selbie went on. For example, if a spouse over-turns a will and takes equalization, he forfeits all pension benefits, insurance payments, and RRSPs that he would have received under the will.

Mr. Selbie said that children also have a right to the family assets and that there is no longer any such thing

as an illegitimate child under the Family Law Act.

"It's the lawyers and accountants who'll benefit most from this law," Mr. Selbie said frankly. One of the worst things about it, Mr. Selbie commented, is that it is written by Parliament in language that even lawyers have a hard time understanding.

Another speaker at the dinner, Don Robinson, announced that the Haliburton County Senior Games will begin on May 26 and run until June 13. The top 2 teams will then go on to compete at the first Provincial Senior Games finals, to be held in Kitchener in August.

**Do you know
a young
person who
went that
extra mile?**

The search is on for
**Ontario Junior
Citizens of the Year.**

Do you know someone in your community, between the ages of 6 and 18 years, who has gone that extra mile? Someone who has shown selfless service, resourcefulness, ingenuity, or acts of courage — that "good kid"? Someone special that you think should be recognized?

You can help Canadian Pacific Air Lines and the Ontario Community Newspapers Association honour these kids by nominating them for an Ontario Junior Citizen of the Year Award.

Contact your local community newspaper. Spring deadline for individual and group nominations is June 30th, 1986. Ontario Junior Citizens of the Year recipients will receive a plaque, a cash prize, a family photo portrait with the Lieutenant-Governor of Ontario, and a lapel pin.

Contact our Junior Citizens' Co-ordinator (name here), for complete details.

Why not honour a deserving kid this year?

Branch 129 news

by Gerald Irish

Last Saturday our son, David, and his girlfriend, Aki, were home for a visit. In the evening they joined us at the Legion to hear Bill Winfield, an entertainer new to the Highlands. This was Bill's first appearance at the Legion but definitely not his last.

After hearing Bill, we have booked him for three return engagements between now and the fall of this year. His song stylings, versatility and personality make him a real crowd pleaser.

He entertained us with golden oldies, country/western and Bluegrass. Be sure to get out to see and hear Bill when he next visits your Legion.

Congratulations to this week's 50/50 draw winner, Mrs. Irene McAree of Scotland, Ontario. Irene won \$41.75.

On Sunday, May 25, plan to attend the Legionnaires' and Cadets' parade to the United Church in Haliburton. The Legion Pipe Band, Colour party, Legionnaires (in full Legion dress) and Cadets will form up at the Legion at 10:30 a.m.

This past week we were pleased to receive notification from the Commanding Officer of the Hastings - Prince Edward Regiment (The Hasty P's), that our Army Cadet Corps No. 1129 is now officially sanctioned as being affiliated with this regiment. Officers from the Hasty P's will also be in attendance at the Cadets' annual inspection and graduation ceremonies on June 14. These ceremonies will be conducted out-of-doors. Plan to attend. Share our pride in your Cadets.

This Saturday afternoon, May 24, at approximately 3 p.m. there will be a "Video Spectacular" in the Mountbatten Room. Doug and Jean Potter of London, Ontario, are providing us with four videos - The Last Corvette, Ready? Aye, Ready!, Canada's Navy at Sea, and the one both Joan and I are really looking forward to viewing, Vera Lynn in Concert. All members and their guests are invited to see some or all of these videos. It should be informative, nostalgic and fun, and it's free.

The Legion Bluegrass Committee met last week with representatives from the newly-formed Haliburton Business Association. These people have wholeheartedly thrown their support behind your Bluegrass Festival. Some of their plans include having staff members dressed in Country / Bluegrass costumes, decorating store windows in a Bluegrass motif and on

Saturday, August 9, having a Bluegrass Sidewalk Sale.

Parking areas on the main street will be converted to flea market sites on the Sunday of Bluegrass. Anyone wishing to take part in a Main Street Garage Sale can do so on that day with no charge for the space. Sounds great, doesn't it?

With this type of local support, your Bluegrass Festival is bound to be a success.

Thanks to the Municipality for giving us permission to have Bluegrass advertising space in Head Lake Park during the Victoria Day

weekend. Unfortunately, we got rained out but still a large number of youngsters were given free Bluegrass balloons.

A large glassed in case is now in place in the Club Room. This case is affectionately called "Rogue's Gallery" and will contain labelled photos of our veteran members as they looked, in uniform, during their war-time service.

If you haven't submitted your picture for this collection, please do so as soon as possible. Please put your name on the back of

your photo.

Over the years some have changed a bit in appearance and we may not be able to readily identify you. Let us have your photo and let's see this collection really grow.

Don't forget the Executive Meeting on Thursday, May 28 at 7:30 p.m. and the General Meeting on Thursday, June 5 at 8 p.m.

Our sympathies and prayers go out to the families of Legionnaire Russell Bain and Ladies Auxiliary member Liam Rinne.

Senior games underway

by Bruce Armstrong

The Ontario Senior Games for Haliburton County were officially opened by Warden Harry Davis and Rev. John Spencley at the May 16 dinner-meeting of the Home Support Services in Wilberforce.

Our first competitive event takes place at 1:00 p.m. May 27 as that "war" game of darts is played at the Legion as per convener Fred Knight. 5-pin bowling has been scheduled the following day in Carnarvon at 1:00 and 7:00 p.m. by Ev and Wes Stata. One other May event is lawn bowling, but the exact dates will depend on the number of entries according to Lloyd Boskett in Minden.

Bowling in its various forms has been around for some time, apparently as objects for playing a game like bowling were uncovered in an Egyptian tomb dating back to 5200 BC, and the ancient Polynesian people rolled round stones at objects 60 feet away - the exact distance from the foul line to the head-pin in today's alleys.

British duck-pins, Canadian 5-pins and American 10-pins all evolved from the game of 9-pins developed in Germany and Holland in the 15th Century. It spread into Britain but when it was banned by Government decree local entrepreneurs invented duck-pins and carried on.

Something similar happened in America where it had been introduced by Dutch settlers for in 1841 it was banned by the State of Connecticut. You can't keep

a good game down, however, there's the Yankee ingenuity. They circumvented the new law by adding a tenth target and changing the name.

Meanwhile, only in Canada you say, 5-pin bowling was invented in Toronto the Good by one Tommy Ryan in 1906. He used 5 duck-pins with rubber bands to provide added bounce, and of course a smaller ball; it weighs in about 3 1/2 pounds as compared to a maximum of 16 pounds for the 10-pinnars.

HELP WANTED

Camp Kandalore needs on a part-time basis, a person possessing sound sewing skills for repairs to canoe packs and lifejackets. Camp Kandalore supplies the sewing machine and the materials, you supply the expertise. For full details please phone or write:

around the county town

by Jeanne Sears. Call 286-1538

At the weekly Thursday afternoon card games at St. Paul's Parish Hall winners were for lone hands Irene Houghton, and Vera Ward, Lil Porter, Esther Lee (man's) and Joyce Hewitt (man's). This Thursday at noon will be the pot luck luncheon followed by cards to close out the season.

Sincere sympathy goes to the families and friends of the late Olive Tyler, Liami Rinne, Beulah Magill, Beatrice Gilbank, and Harold Archer who passed away since last week.

Weekend guests with Lil Porter were Mr. and Mrs. Bill Porter and family of Oshawa, and congrats to Bill who received his Class A Licence in flying.

Recent arrival is a brand new baby boy Robert Louis, son of Debbie and Garwood Stevenson.

We missed seeing the fire which was set to take down the house beside Carrell's Collision and now we see that another building is going up for the Feed Store.

All good wishes to Cliff Lacey who spent a while at Ross Memorial Hospital. Hope you are soon home. While he was there he also heard that he had won a "Munch Bear" through Drug City.

Bradley Robinson from Scarborough enjoyed a weekend with his parents the Phil Robinsons and also at the Jack Shaws.

Card party winners at Club 35 this week were: Door prize - Mabel Trodd; Most lone hands - Cathy Thorn; High lady - Helen Davis; High man - Len Trodd and other winners were: Elmer Davis, Olive Daniels and Charles Denham.

Minden Nursery Play-school are having an open house Tuesday, May 27 at St. Paul's Parish Hall from 10 - 11:30 and 1 - 2:30. For more information call 286-2000.

South Lake Trailer Camp opened their season, and on Saturday night had euchre games with winners being Bonnie and Barry Mahaffa, second Ernie and Martha Nicholson and "boobie" Carolyn Leaman. Then they had an excellent fireworks display on Sunday evening.

The Lions and Lioness members thank everyone for many kind and generous donations and also thanks to those who turned out to make their Spring Sale so successful.

The Lady of the Shadows

The mist softly rises silently
From the marshes and lakes
And steals across the sleeping land.
The trees, dark sentinels stand
Forever riveted, at attention -
Guarding the surrounding edges of the lakes.
Little forest creatures
Awaken slowly and sleepily
From earlier nocturnal foraging.
The bat and owl now slumber.
Suddenly the silence is shattered
By an eerie cry that echoes again and again
Across the surface of the lake.
The loon, wraithlike, glides majestically along
Amid the shadows.
For what is she searching?
A lost mate or sorrow
For a depressed world
That in its turmoil
Knows not where to turn.
Sicne time began she has been searching
And crying her mournful song.
Slowly, slowly, the mist gives way
To pale pink and finally
Azure blue sky!
The birds begin to twitter
And the sleepy world
Comes alive once more, with its joys and sorrows -
The dawning of another day.
But still the dark and desolate
Lady of the lake
Travels on -
Her search unending,
The busy world pauses to listen and wonder and muse.

Yvonne

Carol, Reg and Karen Leaman, all of Keswick, dropped in several times at the Milton Sears over the weekend.

There will be the bi-monthly bingo at Minden Rotary Club at the Recreation Centre on May 27th and if you bring a guest who has never been here before, you get a free card.

The Thrift Shop beside The Times will be open Fridays and Saturdays 1:30 - 4 for some weeks, except for June 7th.

We hear that Lorna Hogg was at Ross Memorial Hospital, hope you are feeling much improved.

Hint of the week - If people run off your driveway on your grass, use some luminous paint to put a strip along the edge. This works well at night.

Congratulations to Mary and Ian Colman who celebrate their 50th Wedding Anniversary on May 22nd.

Teresa and Al Clements and Trevor spent several days with Mr. and Mrs. Arnold Coulter and Harold.

Guests with Jean Lacey were Joanne and Jim Oatman and children and Jean and Mike Cruickshank and Sheri all of Shelburne and they all visited Cliff in hospital.

Nell Miscio arrived home late Saturday night after a two week vacation touring various areas of Italy and Rome and visiting relatives. A welcome home party was given her by all her family and we all say Welcome Home Nell!

Pearl and Arnold Cowan were away over Saturday at Newmarket to attend a wedding, and report having a good time.

senior league

by Edna Cowan

by Pearl Lyle

Hello folks, here I am again in Edna's place. I can hear you say oh no.

Mr. Burgess is still on the sick list, Mr. and Mrs. Thompson from Toronto are very able to take over for him, our thanks to them.

Wednesday evening Earl Cooper came and entertained us with their music and singing. We are sorry to say your reporter Edna Cowan is back in the hospital again. We hope she will soon be well and back with us, we miss her and I'm sure you readers will too.

We just received the news of Mrs. Beatrice Gilbanks passing. Our sympathy goes out to her family and relatives and friends at this time.

We welcome Mrs. Alice Todd to Hyland Crest. On Thursday afternoon the ladies of Minden United Church brought the tea party, also played a tape made by a mockingbird in the south, it was interesting

and the lunch was delicious.

It seems that I keep telling of the sick people. Ruby Graham is again on the list, Lois McClellan has left us for the summer due to other duties.

Oh boy, I better not forget to tell you that we have a new car, the station wagon has been laid to rest. We hope that the bus, now being put through major repairs will soon be available again, we miss it in this nice weather. We also got a new dishwasher, the machine kind.

Our gazebo has been opened up and house cleaned etc. It's ready for the summer and it's cool out there. We are sorry to report that Mrs. Shuyler was taken to hospital, but she has returned. There were many visitors and callers last weekend. It would be impossible to name them all, in a little column like this.

Bye for now. I'll try and do better next time.

We are happy to announce.....
as of Wed., May 14, 1986.....
a complete line of quality crushed
granite aggregate
will be available at

T. Casey & Sons Quarry

2.5 miles south of Haliburton on Cty. Rd. 1.

kid's korner

by Jean Lacey

Hi Kids!!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and

diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun!

Q: What is the best way to grow fat?

A: Raise pigs.

Q: What is the best way to kill time?

A: Work it to death.

Q: Why is a wig like a lie?

A: Because it's a false hood.

Q: What day is the strongest of the week?

A: Sunday, the rest are all week days.

Q: What is the smallest bridge in the world?

A: The bridge on your nose.

Did you know?

by Jane Selbie

Our County Information Centre is a member of the Association of Community Information Centres in Ontario, or A.C.I.C.O. for short.

This past week one of our Board Members, Peggy Podmore and I were able to attend the annual conference. The opportunity was tremendous. It gave us interesting workshops discussing the ideal Information Centre, use of volunteers, involvement with the government and many other topics. The best part was exposure to all the many types of centres that exist. No two are alike and that is because each centre meets the demand of its own area.

We, in our Centre, have a vital role to play in our community. We not only help people find the agency or service they are looking for, but help in many other ways. Those who are puzzled over forms for government use our office for assistance. Prior to the

income tax closing date many people sought help from our volunteers who had taken the clinic on claims. It became evident at the conference that our office is needed in a way that many offices are not. We have become a link between our community's individuals and the many offices in larger centres such as Peterborough, Lindsay, Oshawa and Toronto.

If you need help in finding information, feel free to call for help. We are here to serve you in the Municipal Drag River Building, 457-2733.

ANNOUNCEMENTS

I am sure many of you are aware of the great contribution the renowned tenor Placido Domingo has made to the world of music and also the tremendous devastation caused by the recent earthquakes in Mexico, so as a member of the Association of the Friends of Placido Domingo, I would ask you to contribute whatever you can to alleviate the suffering of these poor people. I know Mr. Domingo will be most grateful for any contribution you care to donate. You may do so by writing: Edificio Nuevo Leon, c/o Dr. R. Christopher Hames, Dr. R. Christopher Hanes, 314 E 51st St., New York, N.Y. 10022. My sincerest thanks to you all. Yvonne Guida. 5A

Frank and Blanche Wright are happy to announce the forthcoming marriage of their son
CHRISTOPHER JAMES

to
KANDRA ROSE
daughter of Ken and Gladys Kreller, June 21, 1986. 5C

Open Meeting: Kidney Foundation of Canada, Haliburton Kawartha Pine Ridge Chapter Saturday, May 31 at 1 o'clock, at Sir Sandford Fleming College, Brealey Building, Peterborough. Guest speaker Mr. Don Gavey of the Kingston Chapter. All Welcome. 5C

BIRTHS

STEVENSON: Garwood and Debbie wish to announce the safe arrival of their son

ROBERT LOUIS
7 lbs., at Peterborough Civic Hospital on May 6. Proud grandmother is Velma Stevenson.

HEWSON: Chuck and Sue are pleased to announce the safe arrival of

KATYLN JEAN
on Wednesday, April 23 at Ross Memorial Hospital. Katlyn weighed 7 lbs, 10 oz. and was born at 7:47 p.m. Proud grandparents are Jack and Janet Hewson of Minden and Christena Precoor, also of Minden. A new playmate for Auntie Mabel. A special thank you to Dr. Bathia and Dr. Lodenquai and a very special thank you to the nursing staff of Ross Memorial Hospital.

CARD OF THANKS

The Lions and Lioness Clubs thank everyone for their most kind and generous donations and subsequent purchases at their garage sale on Saturday. You all made it a great success!

CARD OF THANKS

May we express our gratitude and sincere thanks to family and friends who have sent so many cards and lovely gifts. Your thoughtfulness has been most appreciated. Sincerely,

Chuck, Sue & Katlyn Hewson

AT REST

IN MEMORIAM

KITCHEMAN: In loving memory of Sandy Kitcheman, who passed away a year ago.

One year today, I lost you.
My grief is still with me.
But God is with you.
Rest in peace.

Your old mum,
Sadie Kitcheman

Powerline Maintainer Apprentices

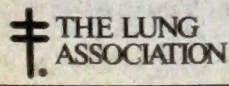

Ontario Hydro has opportunities available for qualified men and women to enter a four year apprenticeship as Powerline Maintainers (lineman/woman) involved in the construction and maintenance of overhead and underground lines.

Successful candidates will have a Grade 12 education in math and science. A college diploma from an electrical/mechanical/civil program is a definite asset. Candidates should have an aptitude for mechanical/technical/electrical work, and the ability to learn how to drive and operate heavy vehicles and equipment. Excellent physical fitness, with good upper body strength, co-ordination and balance is necessary. Successful candidates are required to work outdoors in all seasons and work comfortably at heights. The apprenticeship offers a starting salary of \$10.61/hour progressing to \$17.68/hour on successful completion of the program. The openings are in our Alliston, Minden, Orangeville, Parry Sound and Bracebridge Areas.

Please mail your resume, giving details of education (including a transcript of marks) and work experience, by June 9, 1986 to:
